Owning a Unique Composite Door has the following benefits

- High security multipoint locking system giving you both security and peace of mind.
- Tested to the highest standard for weather resistance and security
- Easy maintenance wipe clean surface
- Fully Adjustable high security hinges
- Elegant look of a wooden door but made using modern waterproof materials
So will never warp or swell
- Covered by a fully comprehensive ten year guarantee
- Available in fourteen different door styles and seven different colours

UNIQUE COMPOSITE DOORS – SECURITY • QUALITY • STYLE

Backed with an amazing service, that's why we're **UNIQUE**

COL OUR KEY

Designs in brochure showing this diamond symbol are available in colour to match door (please note if colour is not stated when ordering then colour will automatically done to match door)

- Glue Chipping-the use of glue chipping has been used extensively in this brochure, which is of unconfirmed pattern and therefore no two pieces of glass are the same.
- All the bevels used in this brochure are glass cut bevels. Small inclusions may be found in some bevels. These should not be regarded as a fault.
- All our designs are handmade and therefore may vary slightly from the photographs shown.
- Due to limitations of the print process, door colour shades may vary from those shown and are for guidance purposes only.
- Triple glazed units - you may notice a slight rattle due to the inside pane being made up of individual pieces of glass, this is normal with this type of construction and does not constitute a fault.

• ™Glass pattern names are the trademark of Pilkington Group Limited.
